SO...
YOU HAVE UNWANTED GUESTS IN YOUR APARTMENT

First things first, tell your Landlord!

WHAT DO YOU DO?
- Document Everything! Take note of what you notice, where you noticed it, and when.
- Notify your landlord immediately!
- Cooperate with your landlord, BUT THEY SHOULD TAKE CARE OF IT!

Have more questions? Check out the links or email usfcaoffcampus@usfca.edu

YOU HAVE BEDBUGS ON YOU?
- Take precautions not to transport bedbugs
- Shower immediately after you recognize bed bugs and take time to launder clothing right away.

When washing: Must wash clothing in hot water and dry on high heat (or have items laundered at own expense). This will kill any bedbugs present in the laundry. Bags used to transport laundry, should be thrown away.

Rats, Roaches, other Rodents, Bedbugs, Vermin or inconveniences of that sort in your apartment are your landlord’s responsibility, just as a broken stove would be!
